Projects Anticipated for Letting Within 6 Months

The following projects are not yet scheduled for a particular bid opening date, but are anticipated to be let within the next 6 months. The reason they are not slated for a specific letting date is because certain project activities necessary to move the project toward bid advertisement are yet to be fully completed (i.e. final design revisions, environmental clearances / permitting, ROW acquisition, Utility certification, etc.). There is no guaranty the projects on this list will be bid within the next 6 months and this list is not inclusive of all projects that could be let within the next 6 months. The anticipated letting schedule will continually be refined as projects progress and information becomes available.
