

**Projects Anticipated for Letting**  
**01/22/2025 to 02/19/2025**

This is a tentative schedule subject to change and shall not be used for the letting. It will be updated periodically as information regarding project status becomes available. The "Advertisement of Highway Bid Letting" will occur 3 - 4 weeks in advance of the bid opening date at which point the plans and bid proposal packages will be made available on the Department's website.

## Projects Anticipated for Letting Within 6 Months

The following projects are not yet scheduled for a particular bid opening date, but are anticipated to be let within the next 6 months. The reason they are not slated for a specific letting date is because certain project activities necessary to move the project toward bid advertisement are yet to be fully completed (i.e. final design revisions, environmental clearances / permitting, ROW acquisition, Utility certification, etc.). There is no guaranty the projects on this list will be bid within the next 6 months and this list is not inclusive of all projects that could be let within the next 6 months. The anticipated letting schedule will continually be refined as projects progress and information becomes available.
