

ELECTRONIC DESIGN FILES

Electronic files are made available through SDDOT's SharePoint.

These files are provided for informational purposes only. The information shown in the plans will govern over the provided electronic information. The Contractor assumes the risk of error if the information is used for any purposes for which the information was not intended. The Contractor assumes all risk of any assumptions or manipulations made of the electronic information.

To gain access to the electronic files that reside within SDDOT's SharePoint Directory for Contractors, first-time users must be registered by sending an email request to DOTBids@state.sd.us.

The following information must be included in the request:

- **Company Name**
- **Individual email addresses of all employees needing access to SharePoint**
- **Company ID #**

Once a request has been received and reviewed, each individual requesting access will receive an email invite to the SDDOT's SharePoint Directory for Contractors. Please follow all instructions provided in this email to finalize your registration

If you have previously registered for SDDOT's SharePoint Directory for Contractors, project electronic design files can be found at the following location by selecting the Electronic Design Files Folder and then finding the appropriate project folder.
