ADDENDUM NO. 1

RE: April 12, 2011 Rapid City Region Office Informal Letting – 445-452, PCN i24h, Pennington County – Modify Curb and Gutter on Hwy 445(Cement Plant Road)

TO WHOM IT MAY CONCERN:

The following addendum to the plans shall be inserted and made a part of your proposal for the above referenced project. The reason for the addendum is to add utility company information for adjustments to the proposal.

PROPOSAL:

- Insert attached Utility Company coordination sheet into proposal.

PLANS:

- None.

Sincerely,

John Rehorst
Region Design Engineer

THE FOLLOWING UTILITY COMPANIES ARE INVOLVED ON

PROJECT: 445-452 PCN I24H Pennington County

The contractor shall contact the following utilities in a sufficient amount of time prior to starting work. The companies will identify their facilities and it is the responsibility of the contractor and the company to coordinate their work to avoid damage to existing facilities and to allow for relocation of facilities as may be required for grading work:

The following utilities were determined to be involved and were notified by certified mail that the work done on this project is being done within the existing public right-of-way and that if their facility is located within the existing public right-of-way, any adjustment of their facility would have to be accomplished at no cost to the State, **within 90 days from receipt of the notice, unless other arrangements are made with the Area Engineer.**

- (1) Knology Inc
809 Deadwood Ave
Rapid City SD 57702
CONTACT: JULIE BURCKHARD, TELE. #605-415-0692
Knology has a fiber telecommunication line in the public right-of-way running north and south on the Westside of Deadwood Avenue which crosses Cement Plant Road near approximate stations 3+10 and 3+15. The fiber is buried three to four feet in the intersection and should not require adjustment.
- (2) Qwest Corp
612 Mt Rushmore Road
Rapid City SD 57701
CONTACT: KEITH NELSON, TELE. #605-394-4720 OR CELL #605-434-2664
Qwest has copper telecommunication line along Deadwood Avenue crossing Cement Plant Road. Qwest also has a copper line running parallel with Cement Plant Road on the north side. Qwest has a pedestal in the public right-of-way at approximate station 2+30-L which will be relocated at no cost to the state.
- (3) Montana Dakota Utilities Co
PO Box 1060
Rapid City SD 57709
CONTACT: RON BLUM, TELE. #605-355-4021
Montana Dakota Utilities has an underground 2 inch steel intermediate natural gas line crossing Cement Plant Road near approximate station 2+25. This line should not require adjustment, however, if grade changes are made to the design the company has requested they be contacted.
- (4) Williston Basin Interstate Pipeline
PO Box 131
Glendive MT 59330-0131
CONTACT: KEITH SEIFERT, TELE. #406-359-7223
Williston Basin Interstate Pipeline has an underground 6 inch steel high pressure natural gas transmission pipeline located to on the south side of Cement Plant Road lying parallel with Cement Plant Road. This line should not require adjustment as the proposed highway construction is on the north side of Cement Plant Road only.
- (5) City of Rapid City
300 6th St
Rapid City SD 57701-2724
CONTACT: CHIP PETRIK, TELE. #605-394-4163
The City has a water valve box which will be adjusted by highway contractor as per bid item 451E6080 in the plans.

The requirements relating to Cooperation Between Contractors, as set forth in Section 5.7 of the Standards Specifications for Roads and Bridges, 2004 edition, shall prevail throughout the limits of this project.
