CONTENT OF PROPOSALS:

Returned Proposals shall include the following items all signed in ink:

1. A notarized Contract Proposal (DOT-123). Non-signature items shall be typed or completed in ink.

Bids shall be in sealed envelopes and clearly marked on the outside as to the content when delivered to the Regional Office by the time indicated for Opening. Proposals faxed to the office will not be accepted.

<i>If hand delivering or using a package delivery service, address the envelope:</i>	<i>If using the US Postal Service, address the envelope:</i>
Jeff Senst, Region Engineer Department of Transportation 2735 West Highway 12 Aberdeen, SD 57401	Jeff Senst, Region Engineer Department of Transportation P.O. Box 1767 Aberdeen, SD 57402-1767

Bidders will be required to fill out the blank spaces in the proposal form correctly. The bidder must fill in a unit price for each bid item shown on the proposal form. Bidders will also be required to carry out extensions and determine the "Total or Gross Sum Bid" as indicated in the proposal. The total of any proposal, as determined by the bidder, will be used only for a comparison when bids are publicly opened and read, and any errors noted in extensions or totals will be corrected to determine the "Total or Gross Sum Bid" of any proposal.

Failure to properly carry out any of the above requirements is deemed as sufficient reason to reject any proposal.

MISCELLANEOUS:

Any person engaged in highway construction work in the State of South Dakota must obtain a motor fuel highway contractor tax license.

The Department of Transportation in accordance with Title VI of the Civil Rights Act of 1964, 78 Stat. 252, 42 U.S.C. 2000d to 2000d-4 and Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, Part 21, Nondiscrimination in Federally-assisted programs of the Department of Transportation issued pursuant to such Act, hereby notifies all bidders that it will affirmatively insure that in any contract entered into pursuant to this advertisement, minority business enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, religion, national origin, sex, age or disability in consideration for an award.

The Contractor, by signing and submitting a bid or proposal, agrees to provide services in compliance with the Americans with Disabilities Act of 1990.

The Department of Transportation reserves the right to reject any and all bids.

Sincerely,

DEPARTMENT OF TRANSPORTATION

Weed Spraying Specifications

The contractor does hereby agree to furnish the necessary equipment, materials and labor to control the growth of declared noxious weeds within the right-of way of state routes as shown on the attached map (Exhibit A).

Spraying

The spraying shall consist of spot treatments and shall be accomplished by using the herbicides specified on the contract with applicable rates as recommended by the manufacturer. If a herbicide is needed that is not on this contract, the type and price shall be negotiated and added by Change Order, prior to use of the herbicide.

The contractor agrees to indemnify, save, and hold harmless the Department and all its employees and agents, from any and all claims, demands, actions or cause of action of whatsoever nature or character arising out of, or by reason of, the execution of performance of the work provided for under the contract whether or not the Contractor itself is negligent or otherwise culpable. The Contractor further agrees to defend at its own sole cost and expense any action or proceeding commenced for the purpose of asserting any claim on whatsoever nature or character arising under this contract whether or not the Contractor is itself negligent or otherwise culpable. This section does not require the Contractor to be responsible for or defend against claims or damages arising solely from acts or omissions of the State, its officers or employees.

The spraying shall be accomplished by personnel properly licensed by the South Dakota Department of Agriculture.

The Contractor shall advise the local Maintenance Supervisor of his intent to spray, 48 hours prior to doing so.

The Contractor shall complete the attached daily form (DOT 820) "Contract Daily Pesticide Application Record" (Exhibit B), furnished by the Department, after each day of spraying.

The Contractor shall provide the Maintenance Supervisor with a complete copy of the daily form (DOT 820) at the end of spraying.

The Contractor shall submit an invoice for payment to the Area Engineer or Maintenance Supervisor (as instructed). The invoice shall be accompanied by the completed original daily form(s) DOT 820. Separate invoices may be submitted for the spring and fall sprayings, if the Contractor desires to do so.

The herbicide selected for use will dictate frequency and timing of application. If Two applications are required per growing season, the first shall be made in the spring of the year while the second shall be made in the late summer or early fall as directed by the Maintenance Supervisor. For herbicides requiring a single application, the application shall be made in accordance with the label for the product being used.

Equipment used for spraying shall be equipped with a flashing amber light. The light shall be turned on and used at all times during spraying operation.

Mapping will be completed with GPS units with standard 3-5 meter accuracy. Infestations will be mapped in point, line or polygon, depending on location, size, or other environmental factors. Infestations will be recorded by species and size of infestation. GPS data will be exported in shape file for use in standard geographical information systems such as ERSI ARC-VIEW.

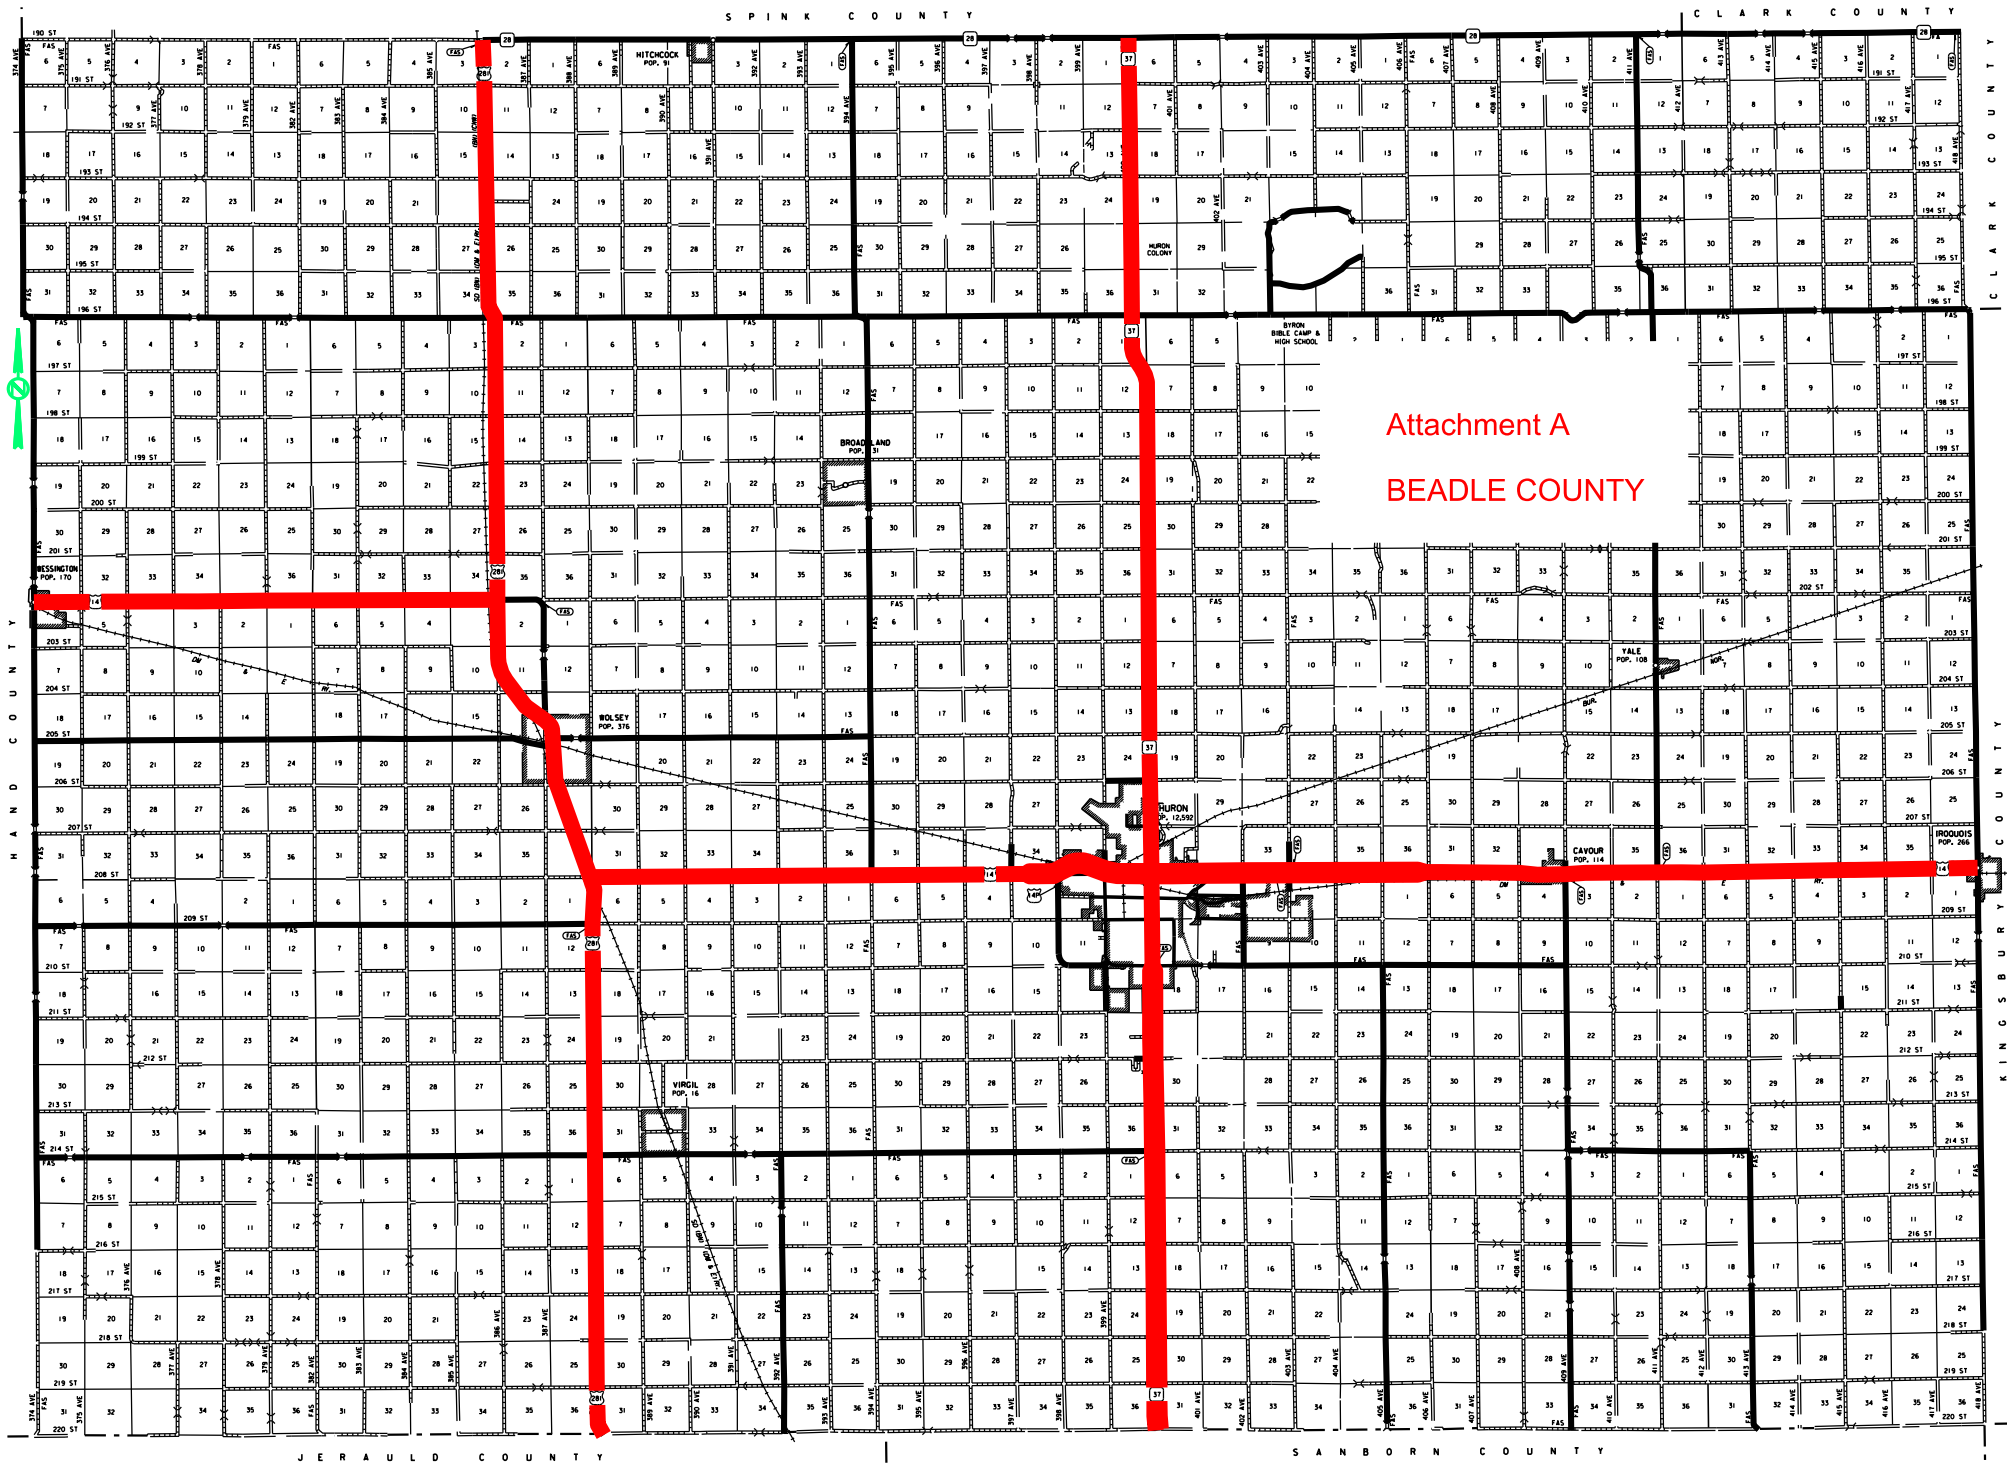

Growth Suppression

The following locations shall be treated for growth suppression:

1. 6 foot radius around all sign and delineator posts.
2. Underneath and 3 foot behind guide rail.

Herbicides shall be applied uniformly with properly calibrated equipment using at least 10 gallons water as a carrier per acre.

Herbicides for growth suppression shall be applied in the spring of the year. Herbicides shall not be applied to vegetation that has exceeded 8" in height.
