The South Dakota Department of Transportation (SDDOT) desires to solicit bids for the above referenced project.

Contractors that didn't receive this invitation by mail, but downloaded the bidding documents from the website, are encouraged to let the Pierre Region Office know of their intent to bid on this project so that we can get them added to the plan holders list.

The Department of Transportation in accordance with Title VI of the Civil Rights Act of 1964, 78 Stat. 252, 42 U.S.C. 2000d to 2000d-4, and Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, Part 21, Nondiscrimination in Federally-assisted programs of the Department of Transportation issued pursuant to such Act, hereby notifies all bidders that it will affirmatively ensure that in any contract entered into pursuant to this advertisement, minority business enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on grounds of race, color, religion, national origin, sex, age, or disability in consideration of an award.

Any addenda will be posted on the regional letting website no later than **5:00 P.M. Central Time on Thursday, June 20, 2019**. It will be the Contractor's responsibility to verify that no addenda have been posted prior to submitting bids. Every addenda posted on the website will have a cover sheet attached to it that the contractor will be required to include with their bid. Failure to incorporate changes made through addenda and not submitting all cover sheets will result in an incomplete bid which will subsequently be rejected.

There are **no** bonding requirements for this contract; however, a Certificate of Liability Insurance will be required of the successful bidder as stated on Page 2, note No. 11 in the Project Specifications.

Sealed bids for the contract will be accepted by the SDDOT via available shipping couriers or may be hand delivered to the Pierre Regional Office until **2:15 P.M. Bids must be received in an envelope with “**Road Kill Deer Removal – Mobridge Area (West)**” written on the outside. Be sure to have all required forms signed and notarized as indicated on the forms as failure to do so will result in an incomplete bid. **The Contractor’s signature on the DOT-123 Form must be notarized to constitute a legal bid.** No faxed bids will be accepted.

The STATE agrees to:

1. The South Dakota Department of Transportation will communicate to the Contractor the location of known road killed deer, including the highway number, county, milepost (MRM), or an adequate description of the location from a known point during normal business hours (8:00 AM – 5:00 PM).

5. The SDDOT will provide, at no cost to the Contractor, the Android or iOS SD Roadkill Collection Application for recording road-kill pick-ups.
6. The SDDOT will provide the Contractor training and technical support for the SD Roadkill Collection Application. The SDDOT will pay the Contractor in accordance with the Payment Schedule included in this Agreement.

The CONTRACTOR agrees to:

1. Pick up road killed deer twice weekly (Tuesday and Friday) after being contacted as described in (1) above. **Continued failure to pick up road killed deer will result in early termination of the contract by the State.**
2. Provide the Department of Transportation with the name of a contact person along with a telephone number, cell phone number, email address and/or a fax number.
3. Dispatch properly equipped vehicles with qualified drivers to pick up the reported deer kill, unless circumstances intervene – such as illness or holidays. In such circumstances, the Department of Transportation will be notified and so advised. The Contractor will work with the Department of Transportation to resolve any such problems.
4. Pick up all road killed deer located within the public highway right-of-way on routes as listed on the contract, regardless if reported or not. Contractor will notify the Department of Transportation of the pick up of road killed deer that have not been reported.
5. Advise the Department of Transportation within twenty-four (24) hours of the discovery of unsafe circumstances at any road killed site that prevents the Contractor from reasonably accomplishing the pick up of a road killed deer.
