## ROAD-KILLED DEER PICKUP AND DISPOSAL PROJECT SPECIFICATIONS

The South Dakota Department of Transportation (SDDOT) and the South Dakota Department of Game, Fish, and Parks (SDGF&P), hereafter referred to as the STATE requires road-killed deer promptly be removed from public highway right of way in Brown, Day, Edmunds, Faulk, Marshall, Spink and McPherson Counties and disposed of properly.

The STATE agrees to:

1. The SDGF&P will communicate the location of known road-killed deer including the highway number, county, milepost (MRM), or an adequate description of the location from a known point when called by the Contractor.
2. Provide the state Highway Patrol, SDDOT vehicles, local law enforcement and SDGF&P with highly visible, wire staff plastic flags that will be used to mark road-killed deer locations. These flags are to indicate to others the deer has already been reported and to mark locations of road-killed deer not easily seen.
3. Provide the Contractor with a supply of Road-Killed Deer reporting forms.
4. The SDDOT will compensate the Contractor monthly at the contract unit price bid per each deer picked up and disposed of properly. The Contractor may call the SDDOT Aberdeen Area Office at 605-626-7885 for answers to any payment questions of problems.
5. Provide the Contractor with two magnetic signs which read “Deer Disposal Contractor” to be displayed on the Contractor’s vehicle during the route pickups.
6. Provide, at no cost to the Contractor, the Android or iOS SD Roadkill Collection Application for recording road-killed deer pickups.
7. Provide the Contractor training and technical support for the SD Roadkill Collection Application.

The CONTRACTOR agrees to:

1. Telephone the SDGF&P for locations of road-killed deer Monday through Friday, during the hours of 8:00 AM and 5:00 PM. The telephone number for the SDGF&P is 605-626-2391. The Contractor may arrange a set reporting schedule with the SDGF&P.
2. Pick up all identified road-killed deer within the project limits as shown on the attached maps at least twice a week. The Contractor is not required to drive the entire route at this time but must pick up the deer that have been identified.
3. Conduct a complete round of every route as shown on the attached maps at least once a week and pick up road-killed deer located within public highway right of way that are observed and have not been reported. This round does not need to be completed in one day and could be in combination with the twice a week pickup above.
4. Notify and advise the SDDOT if circumstances occur that may delay performing services under this Agreement. The Contractor will work with the SDDOT to resolve any problems.

5. Advise the SDDOT within twenty-four hours of the discovery of unsafe conditions at any road-kill site that prevents the Contractor from reasonably accomplishing road-killed deer pickup.
6. Complete the State furnished Road-Killed Deer report tally forms for each deer collected. The Contractor shall have a compact GPS device in order to provide all information on the reporting form. The tally forms are to be delivered at the end of each month to the SDDOT, PO Box 1767, Aberdeen, SD 57402-1767. These forms shall be submitted for processing of the monthly payment.
7. Use the SDDOT approved SD Roadkill Collection Application to report each road-killed deer picked up from the public right of way at the time of pickup. The SD Roadkill Collection Application system requires a mobile device with an Android or iOS operating system which the Contractor must provide.
8. Retrieve and return the plastic flags that marked road-killed deer locations to the SDDOT Aberdeen Area Office.
9. Dispatch properly equipped vehicles with qualified licensed drivers to pick up the road-killed deer
10. Clearly display a SDDOT provided magnetic sign on each side of the vehicle while collecting road-killed deer. The Contractor will return the magnetic signs to the SDDOT at the end of the Agreement term. If the signs are not returned or are returned damaged, the Contractor will replace them at no cost to the SDDOT.
11. Maintain, in good working condition an amber warning light, strobe, or rotating light. The amber light is to be placed on the upper rear or cab of each vehicle used under this contract. The Contractor shall park his vehicle only on the shoulder of the roadway or on a field approach to keep all traffic lanes open.
12. The Contractor's personnel shall be required to wear a safety vest while working within the project limits. The safety vests shall meet the requirements of ANSI-107-2015 Class 2, for the American National Standard for High-Visibility Safety Apparel and Accessories.
13. Dispose of the entire road-killed deer. No deer or parts thereof may be harvested, sold, bartered, or traded. This would include antlers, meat, hide, etc. The entire carcass must be disposed of.
14. The Contractor will dispose of all deer carcasses in accordance with all state laws, regulations, and county and city ordinances. It is the responsibility of the Contractor to verify with the landfills prior to bidding whether they will accept the carcasses and whether fees will apply. The Contractor should contact the South Dakota Animal Industry Board for information pertaining to disposal of deer carcasses on private property. Any questions concerning this matter may be directed to the South Dakota Game, Fish and Parks.

The Contractor will provide services in compliance with the Americans with Disabilities Act of 1990 and any amendments.

This Agreement may not be amended, except in writing, which writing will be expressly identified as a part of this Agreement and be signed by an authorized representative of each of the parties to this Agreement.

The Agreement may be terminated upon thirty (30) days' written notice by either party. If the Contractor breaches any of the terms or conditions of this Agreement, this Agreement may be terminated by the SDDOT at any time with or without notice. If termination for such a default is effected by the SDDOT, any payments due the Contractor at the time of termination may be adjusted to cover any additional costs to the SDDOT due to the Contractor's default. Upon termination, the SDDOT may take over the work and may award another party on agreement to complete the work under this Agreement. If after the SDDOT terminates for a default by the Contractor it is determined that the Contractor was not at fault, the Contractor will be paid for eligible services rendered and expenses incurred up to the date of termination.

This Agreement depends upon the continued availability of appropriated funds and expenditure authority from the Legislature for this purpose. If, for any reason, the Legislature fails to appropriate funds or grant expenditure authority, or funds become unavailable by operation of law or federal funds reductions, this Agreement may be immediately terminated by the SDDOT. Termination for any of these reasons is not a default by the SDDOT nor does it give rise to a claim against SDDOT.

While performing services under this Agreement, the Contractor is an independent contractor and not an officer, agent, or employee of the SDDOT.

No employee of the Contractor engaged in the performance of services required under this Agreement will be considered an employee of the SDDOT. No claim under the South Dakota Workers' Compensation Act on behalf of said employee or other person while so engaged and no claim made by any third party as a consequence of any act or omission of the part of the work or service provided or to be rendered under this Agreement by the Contractor will be the SDDOT's obligation or responsibility.

The Contractor will comply with all federal, state, and local laws, together with all ordinances and regulations applicable to the work and will be solely responsible for obtaining current information on such requirements. The Contractor will procure all licenses, permits, or other rights necessary for the fulfillment of its obligations under this Agreement.

The Contractor will indemnify the SDDOT, its officers, agents, and employees against any and all actions, suits, damages, liability, or other proceedings that may arise as the result of performing services under this Agreement. This section does not require the Contractor to be responsible for or defend against claims or damages arising solely from errors or omissions of the SDDOT, its officers, agents, or employees.

Before the Contractor begins providing service, the Contractor will be required to furnish the SDDOT the following certificates of insurance and assure that the insurance is in effect for the life of this Agreement:

- A. The Contractor will maintain occurrence based commercial general liability insurance or equivalent form with a limit of not less than \$1,000,000.00 for each occurrence. If such insurance contains a general aggregate limit it will apply separately to this Agreement or be no less than \$2,000,000.00.
- B. The Contractor will maintain automobile liability insurance or equivalent form with a limit of not less than \$500,000.00 for each accident. Such insurance will include coverage for owned, hired, and non-owned vehicles.
- C. The Contractor will procure and maintain workers' compensation coverage as required by South Dakota law.

The Contractor will report to the SDDOT any event encountered in the course of performance of this Agreement which results in injury to any person or property, or which may otherwise subject the Contractor, the SDDOT, or the SDDOT's officers, agents, or employees to liability. The Contractor will report any such event to the SDDOT immediately upon discovery.

The Contractor's obligation under this section will only be to report the occurrence of any event to the SDDOT and to make any other report provided for by the Contractor's duties or applicable law. The Contractor's obligation to report will not require disclosure of any information subject to privilege or confidentiality under law (such as attorney-client communications). Reporting to the SDDOT under this section will not excuse or satisfy any obligation of the Contractor to report any event to law enforcement or other entities under the requirements of any applicable law.

If any court of competent jurisdiction holds any provision of this Agreement unenforceable or invalid, such holding will not invalidate or render unenforceable any other provision of this Agreement.

All other prior discussions, communications, and representations concerning the subject matter of this Agreement are superseded by the terms of this Agreement, and, except as specifically provided in this Agreement, this Agreement constitutes the entire agreement with respect to the subject matter.

This Agreement will be governed by and construed in the accordance with the laws of the State of South Dakota. Any lawsuit pertaining to or affecting this Agreement will be venued in Circuit Court, Sixth Judicial Court, Hughes County, South Dakota.

The Contract time shall be from July 1, 2023 through June 30, 2024.

This map displays the county boundaries and names of South Dakota. The counties shown include McPherson, Leola, Brown, Aberdeen, Marshall, Britton, Day, Webster, Clark, Spink, Faulk, Edmunds, and Sargent. Major highways are marked with numbers in shields, and various cities and towns are labeled. **SPECIAL PROVISION  
FOR  
RESPONSIBILITY FOR DAMAGE CLAIMS**

**APRIL 21, 2022**

---

**Section 7.14 – Page 50 – Delete and replace with the following:**

**7.14 RESPONSIBILITY FOR DAMAGE CLAIMS** - The Contractor will indemnify the State of South Dakota, the Department, and the State's officers and employees, from all suits, actions, or claims of any character, including suits in which the State, Department, or the State's officers and employees are sued, brought because of any injuries or damages received or sustained by any person, persons, or property arising at least in part from the Contractor's operations; or on account of or in consequence of any neglect in safeguarding the work; or through use of unacceptable materials in constructing the work; or because of any act or omission, neglect, or misconduct of said Contractor; or because of any claims or amounts recovered from any infringements of patent, trademark, or copyright; or from any claims or amounts arising or recovered under the "Workers' Compensation Act", or any other law, ordinance, order, or decree. The Contractor's obligation to indemnify will include the payment of reasonable attorney fees and other costs of defense. So much of the money due the Contractor under and by virtue of the contract as may be considered necessary by the Department for such purpose may be retained for the use of the State; or in case no money is due, the Contractor's surety may be held until such suit or suits, action or actions, claim or claims for injuries or damages as aforesaid will have been settled and suitable evidence to that effect furnished to the Department. Money due the Contractor will not be withheld when the Contractor produces satisfactory written confirmation from the Contractor's insurer that adequate public liability insurance and property damage insurance providing coverage for such particular claims as may be made is in force, and the Contractor provides evidence the claim has been submitted to the Contractor's insurer. A copy of a certificate of insurance, without further confirmation of coverage for the particular claim being made, will not be sufficient to satisfy the requirement of written confirmation.

**STATE OF SOUTH DAKOTA  
DEPARTMENT OF TRANSPORTATION**

**SPECIAL PROVISION REGARDING  
MINIMUM WAGE ON STATE FUNDED PROJECTS**

**OCTOBER 24, 2019**

---

This proposal contains a copy of the most recent United States Department of Labor (USDOL) Davis-Bacon Act Wage Decision, adopted by the South Dakota Transportation Commission.

If the amount of this contract, as awarded, is \$100,000.00 or more, the following wage provisions will apply:

1. The Contractor and each related subcontractor will pay all laborers and mechanics working at the site of work unconditionally and not less than once a week, and without subsequent deduction or rebate of any account, other than permitted payroll deductions. The Contractor and each related subcontractor must compute the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at the time of payment at rates not less than those rates contained in the USDOL Davis-Bacon Act Wage Decision.
2. The Contractor and each related subcontractor will pay their respective employees not less than the USDOL minimum wage for each work classification an employee actually performs at the site of the work.
3. The Contractor and each related subcontractor must submit weekly, for each week in which any contract work is performed, an electronic certified weekly payroll report. The payroll report must be submitted electronically to the Elation System website. The Elation System website can be accessed by logging onto the State of South Dakota's single sign-on website at <https://mysd.sd.gov/> or can also be accessed at <https://elationsys.com/>. First time users will need to use the Promotion Code SDDOT-19. The payroll report must be submitted within fourteen (14) calendar days after the end of the workweek. The payroll reports submitted shall set out accurately and completely all the information required to be maintained under 29 C.F.R. 5.5(a)(3)(i). Weekly transmittals must include an individually identifying number for each employee, such as the last four digits of the employee's social security number, but these weekly transmittals must not include full social security numbers or home addresses. The Contractor is responsible for the submission of certified payroll reports by all subcontractors.
4. Each certified weekly payroll report must include the most recent South Dakota Department of Transportation (SDDOT) Statement of Compliance Form, signed by

the Contractor or related subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract. The Instructions for the SDDOT Statement of Compliance Form are found at <https://dot.sd.gov/doing-business/contractors/labor-compliance/certified-payrolls-let-after-6/5/19>. The SDDOT will not accept any payroll report which does not include the most recent SDDOT Statement of Compliance Form.

5. The Contractor and each related subcontractor will maintain payrolls and basic records relating thereto during the course of the work and preserve these records for a period of three (3) years from the date of completion of the contract for all laborers, mechanics, apprentices, trainees, watchmen, and guards working at the site of the work. These records must contain the name, address, social security number of each such worker, his or her correct work classification, and hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof). The Contractor and each related subcontractor will make these records available for inspection, copying, or transcription by the Labor Compliance Officer (LCO) and will permit the LCO to interview employees during working hours on the site of the work.
6. The SDDOT will upon its own action, or upon written request of an authorized representative of the USDOL, withhold, or cause to be withheld, from the Contractor or related subcontractor under this contract, or any other contract with the same prime Contractor, as much of the accrued payments, advances, or guarantee of funds as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers employed by the Contractor or any related subcontractor, the full amount of wages required by the contract. In the event the Contractor fails to pay any laborer or mechanic, including any apprentice, trainee, or helper employed or working on the site of the work, all or part of the wages required by the contract, the LCO may, after written notice to the Contractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds under this contract or any other contract with the same prime Contractor until such violations have ceased.

In the listing above, the "SU" identifier indicates the rates were derived from survey data. As these weighted average rates include all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of the survey on which these classifications and rates are based. The next number, 007 in this example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- an existing published wage determination
- a survey underlying a wage determination
- a Wage and Hour Division letter setting forth a position on a wage determination matter
- a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations  
Wage and Hour Division  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.
