**ROAD-KILLED DEER PICKUP AND DISPOSAL  
REQUIRED CONTRACT PROVISIONS**

1. The Contractor will provide services as defined and described in this Agreement with the State of South Dakota, acting by and through its Department of Transportation Huron Area Office, referred to in this Agreement as the "SDDOT." The location(s) or highway(s) for the services provided is/are shown on attached maps.
2. The Contractor will provide to the SDDOT a contact person's name, email address, and phone number equipped with voice mail service.
3. The Contractor will telephone the SDDOT Huron Area Office, (605) 353-7140, not less than once each week, Monday through Friday, between the hours of 8:00 AM to 5:00 PM, for locations of road-killed deer.
4. The Contractor will pick up identified road-killed deer not less than one day each week, at the beginning of the work week. During times of frequent road-killed deer (winter, spring, and fall), the Contractor will have additional late week pick-ups of road-killed deer.
5. All routes designated on the map must be inspected for deer at least once per week. All deer found along the routes, whether flagged or not, must be picked up. This could be done in combination with the identified pickup mentioned above.
6. The South Dakota Department of Game, Fish & Parks and the SDDOT will communicate to the Contractor the location of known road-killed deer, including the highway number, county, milepost (MRM), or, in the alternative, an otherwise adequate description of the location.
7. The SDDOT will pay the Contractor in monthly installments based on the contract unit price bid per each deer promptly picked up and properly disposed of. Payment will be made pursuant to monthly summaries generated by the uploaded submissions to the SD Roadkill Collection Application completed by the Contractor.
8. The Contractor will retrieve and return to the SDDOT Huron Area Shop, the plastic flags used by the state agencies to mark road-killed deer locations.
9. In addition to the road-killed deer reported to the Contractor, the Contractor will pick up all road-killed deer located within public highway right of way on routes identified on the attached map and which become known to the Contractor. The Contractor will notify the SDDOT of the pick-up of these additional road-killed deer.
10. The Contractor will notify and advise the SDDOT if circumstances occur that may delay performing services under this Agreement. The Contractor will work with the SDDOT to resolve any problems.
11. The Contractor will advise the SDDOT within twenty-four (24) hours of the discovery of any unsafe condition at any location that prevents the Contractor from reasonably accomplishing the services under this Agreement.
12. The Contractor will use the SDDOT- approved SD Roadkill Collection Application to report each road-killed animal picked up from the road right of way at the time of pick-up. The SD Roadkill Collection Application system requires a mobile device with an Android or iOS operating system which the Contractor must provide.
13. The SDDOT will provide, at no cost to the Contractor, the Android or iOS SD Roadkill Collection Application for recording road-kill pick-ups.

14. The SDDOT will provide the Contractor training and technical support for the SD Roadkill Collection Application.
15. The Contractor will dispatch a properly equipped vehicle with a qualified driver possessing a valid driver's license to pick up road-killed animals.
16. The Contractor will operate a SDDOT-approved amber warning light, strobe, or rotating light on the upper rear or cab of each vehicle when picking up road-killed animals under this Agreement.
17. While working in the highway right of way, the Contractor and the Contractor's employees and agents will wear safety vests that meet or exceed the performance requirements of ANSI-107-2015 Class 2, American National Standard for High-Visibility Safety Apparel and Accessories.
18. The SDDOT will provide the Contractor two (2) magnetic signs that indicate the purpose of the work.
19. The Contractor will clearly display a SDDOT-provided magnetic sign on each side of the vehicle while collecting road-killed animals. The Contractor will return the magnetic signs to the SDDOT at the end of the Agreement term. If the signs are not returned or are returned damaged, the Contractor will replace them at no cost to the SDDOT.
20. The Contractor will park the Contractor's vehicle on the shoulder of the roadway or on a field approach to keep all traffic lanes open. The Contractor may park the Contractor's vehicle in the median or ditch only if damage to the right of way will not occur.
21. The Contractor must properly dispose of the entire carcass including antlers, meat, or skin. The Contractor will not harvest any part or parts from any road-killed animal. No deer or parts thereof may be sold, bartered, or traded.
22. The Contractor will dispose of all animal carcasses in accordance with all state laws, regulations, and county and city ordinances. It is the responsibility of the Contractor to verify with the landfills prior to bidding whether they will accept the carcasses and whether fees will apply. The Contractor should contact the South Dakota Animal Industry Board for information pertaining to disposal of animal carcasses on private property. Any questions concerning this matter may be directed to the South Dakota Game, Fish and Parks. The Contractor will provide the SDDOT with a written statement including how and where disposal of the deer is being completed.
23. The SDDOT will provide a contact person and telephone number to the Contractor for payment questions or issues.
24. If a special pick-up of road-killed animals is required, the SDDOT will communicate to the Contractor the locations, including the highway number, county, mileage reference marker (MRM), or another adequate location description.
25. The Contractor will provide services in compliance with the Americans with Disabilities Act of 1990 and any amendments.
26. This Agreement may not be amended, except in writing, which writing will be expressly identified as a part of this Agreement and be signed by an authorized representative of each of the parties to this Agreement.

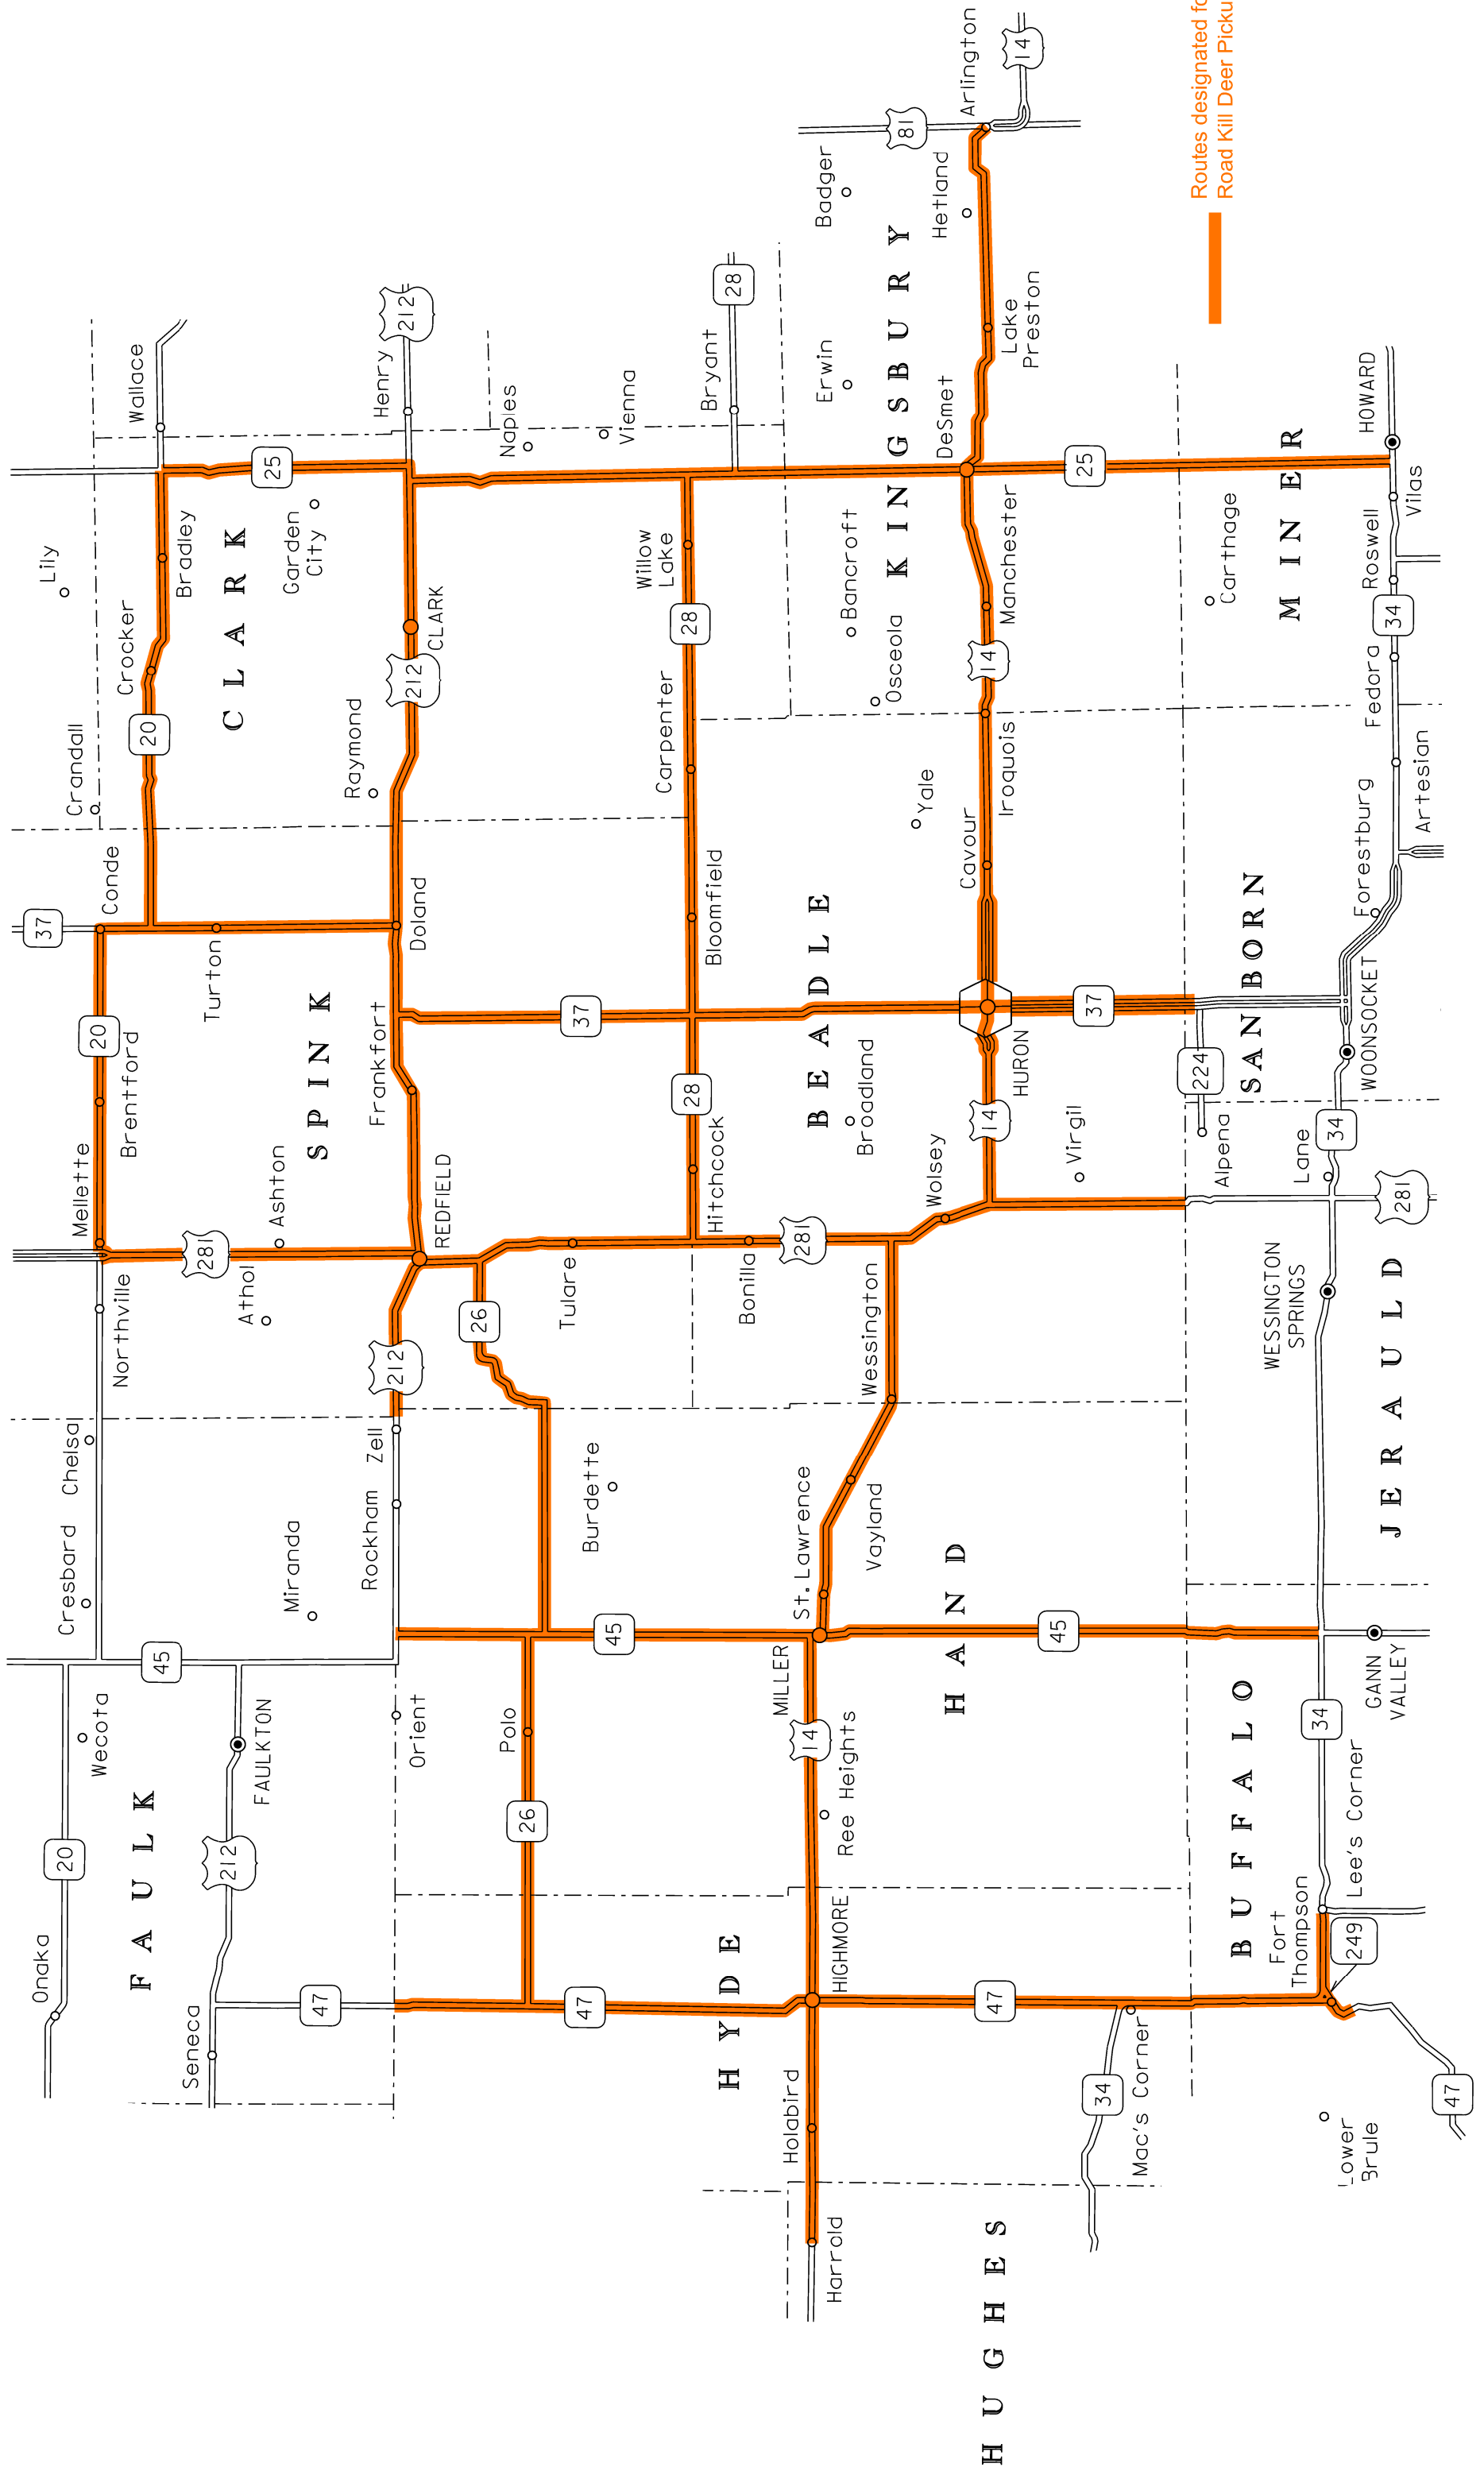

27. This Agreement may be terminated upon thirty (30) days' written notice by either party. If the Contractor breaches any of the terms or conditions of this Agreement, this Agreement may be terminated by the SDDOT at any time with or without notice. If termination for such a default is effected by the SDDOT, any payments due to the Contractor at the time of termination may be adjusted to cover any additional costs to the SDDOT due to the Contractor's default. Upon termination, the SDDOT may take over the work and may award another party an agreement to complete the work under this Agreement. If after the SDDOT terminates for a default by the Contractor it is determined that the Contractor was not at fault, the Contractor will be paid for eligible services rendered and expenses incurred up to the date of termination.
28. This Agreement depends upon the continued availability of appropriated funds and expenditure authority from the Legislature for this purpose. If, for any reason, the Legislature fails to appropriate funds or grant expenditure authority, or funds become unavailable by operation of law or federal funds reductions, this Agreement may be immediately terminated by the SDDOT. Termination for any of these reasons is not a default by the SDDOT nor does it give rise to a claim against the SDDOT.
29. While performing services under this Agreement, the Contractor is an independent contractor and not an officer, agent, or employee of the SDDOT.

No employee of the Contractor engaged in the performance of services required under this Agreement will be considered an employee of the SDDOT. No claim under the South Dakota Workers' Compensation Act on behalf of said employee or other person while so engaged and no claim made by any third party as a consequence of any act or omission of the part of the work or service provided or to be rendered under this Agreement by the Contractor will be the SDDOT'S obligation or responsibility.

30. The Contractor will comply with all federal, state, and local laws, together with all ordinances and regulations applicable to the work and will be solely responsible for obtaining current information on such requirements. The Contractor will procure all licenses, permits, or other rights necessary for the fulfillment of its obligations under this Agreement.
31. The Contractor will indemnify the SDDOT, its officers, agents, and employees against any and all actions, suits, damages, liability, or other proceedings that may arise as the result of performing services under this Agreement. This section does not require the Contractor to be responsible for or defend against claims or damages arising solely from errors or omissions of the SDDOT, its officers, agents, or employees.
32. Before the Contractor begins providing service, the Contractor will be required to furnish the SDDOT the following certificates of insurance and assure that the insurance is in effect for the life of this Agreement:
  - A. The Contractor will maintain occurrence based commercial general liability insurance or equivalent form with a limit of not less than \$1,000,000.00 for each occurrence. If such insurance contains a general aggregate limit it will apply separately to this Agreement or be no less than \$2,00,000.00.
  - B. The Contractor will maintain automobile liability insurance or equivalent form with a limit of not less than \$500,000.00 for each accident. Such insurance will include coverage for owned, hired, and non-owned vehicles.
  - C. The Contractor will procure and maintain workers' compensation coverage as required by South Dakota law.

33. The Contractor will report to the SDDOT any event encountered in the course of performance of this Agreement which results in injury to any person or property, or which may otherwise subject the Contractor, the SDDOT, or the SDDOT'S officers, agents, or employees to liability. The Contractor will report any such event to the SDDOT immediately upon discovery.
34. The Contractor's obligation under this section will only be to report the occurrence of any event to the SDDOT and to make any other report provided for by the Contractor's duties or applicable law. The Contractor's obligation to report will not require disclosure of any information subject to privilege or confidentiality under law (such as attorney-client communications). Reporting to the SDDOT under this section will not excuse or satisfy any obligation of the Contractor to report any event to law enforcement or other entities under the requirements of any applicable law.
35. If any court of competent jurisdiction holds any provision of this Agreement unenforceable or invalid, such holding will not invalidate or render unenforceable any other provision of this Agreement.
36. All other prior discussions, communications, and representations concerning the subject matter of this Agreement are superseded by the terms of this Agreement, and, except as specifically provided in this Agreement, this Agreement constitutes the entire agreement with respect to the subject matter.
37. This Agreement will be governed by and construed in the accordance with the laws of the State of South Dakota. Any lawsuit pertaining to or affecting this Agreement will be venued in Circuit Court, Sixth Judicial Circuit, Hughes County, South Dakota.
38. This Agreement will begin July 1, 2026, and end June 30, 2027, unless terminated earlier pursuant to the terms and conditions of this Agreement. This Agreement may be renewed annually for up to four (3) years by CCO if all parties are in agreement.

**STATE OF SOUTH DAKOTA  
DEPARTMENT OF TRANSPORTATION**

**SPECIAL PROVISION REGARDING  
MINIMUM WAGE ON STATE FUNDED PROJECTS**

**OCTOBER 24, 2019**

---

This proposal contains a copy of the most recent United States Department of Labor (USDOL) Davis-Bacon Act Wage Decision, adopted by the South Dakota Transportation Commission.

If the amount of this contract, as awarded, is \$100,000.00 or more, the following wage provisions will apply:

1. The Contractor and each related subcontractor will pay all laborers and mechanics working at the site of work unconditionally and not less than once a week, and without subsequent deduction or rebate of any account, other than permitted payroll deductions. The Contractor and each related subcontractor must compute the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at the time of payment at rates not less than those rates contained in the USDOL Davis-Bacon Act Wage Decision.
2. The Contractor and each related subcontractor will pay their respective employees not less than the USDOL minimum wage for each work classification an employee actually performs at the site of the work.
3. The Contractor and each related subcontractor must submit weekly, for each week in which any contract work is performed, an electronic certified weekly payroll report. The payroll report must be submitted electronically to the Elation System website. The Elation System website can be accessed by logging onto the State of South Dakota's single sign-on website at <https://mysd.sd.gov/> or can also be accessed at <https://elationsys.com/>. First time users will need to use the Promotion Code SDDOT-19. The payroll report must be submitted within fourteen (14) calendar days after the end of the workweek. The payroll reports submitted shall set out accurately and completely all the information required to be maintained under 29 C.F.R. 5.5(a)(3)(i). Weekly transmittals must include an individually identifying number for each employee, such as the last four digits of the employee's social security number, but these weekly transmittals must not include full social security numbers or home addresses. The Contractor is responsible for the submission of certified payroll reports by all subcontractors.
4. Each certified weekly payroll report must include the most recent South Dakota Department of Transportation (SDDOT) Statement of Compliance Form, signed by

the Contractor or related subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract. The Instructions for the SDDOT Statement of Compliance Form are found at <https://dot.sd.gov/doing-business/contractors/labor-compliance/certified-payrolls-let-after-6/5/19>. The SDDOT will not accept any payroll report which does not include the most recent SDDOT Statement of Compliance Form.

5. The Contractor and each related subcontractor will maintain payrolls and basic records relating thereto during the course of the work and preserve these records for a period of three (3) years from the date of completion of the contract for all laborers, mechanics, apprentices, trainees, watchmen, and guards working at the site of the work. These records must contain the name, address, social security number of each such worker, his or her correct work classification, and hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof). The Contractor and each related subcontractor will make these records available for inspection, copying, or transcription by the Labor Compliance Officer (LCO) and will permit the LCO to interview employees during working hours on the site of the work.
6. The SDDOT will upon its own action, or upon written request of an authorized representative of the USDOL, withhold, or cause to be withheld, from the Contractor or related subcontractor under this contract, or any other contract with the same prime Contractor, as much of the accrued payments, advances, or guarantee of funds as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers employed by the Contractor or any related subcontractor, the full amount of wages required by the contract. In the event the Contractor fails to pay any laborer or mechanic, including any apprentice, trainee, or helper employed or working on the site of the work, all or part of the wages required by the contract, the LCO may, after written notice to the Contractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds under this contract or any other contract with the same prime Contractor until such violations have ceased.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award, pursuant to 29 CFR 5.5(a)(1)(ii); contractors are responsible for requesting SDDOT to secure necessary additional work classifications and rates.

The "SA" identifier indicates that the classifications and prevailing wage rates set by a state (or local) government were adopted under 29 C.F.R. 1.3(g)-(h). Example: SAME2023-007 01/03/2024. SA reflects that the rates are state adopted. ME refers to the State of Maine. 2023 is the year during which the state completed the survey on which the listed classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. The date, 01/03/2024 in the example, reflects the date on which the classifications and rates under the "SA" identifier took effect under state law in the state from which the rates were adopted.
