## ROAD-KILLED DEER AND SMALL ANIMAL PROJECT SPECIFICATIONS

South Dakota Standard Specifications for Roads and Bridges, 2004 Edition and Required Provisions, Supplemental Specifications and Special Provisions as included in the Proposal will apply to this contract work.

The South Dakota Department of Transportation (SDDOT) and the South Dakota Department of Game, Fish, and Parks (SDGF&P), collectively referred to as the "State," require road-killed deer and small animals to be promptly removed from the public highway right-of-way and disposed of properly.

A. The State will:

1. Communicate the location of known road-killed deer including the highway number, county, milepost (MRM), or, in the alternative, an otherwise adequate description of the location from a known point when contacted by the Contractor, or will provide the information by email if the Contractor has the capability to receive the information electronically.
2. Provide the Contractor with a supply of Road-Killed Deer reporting forms.
3. Provide the Contractor with a Compact GPS device in order to provide all information on the reporting form.
4. Provide to the Contractor two (2) magnetic signs to be displayed on the Contractor's vehicle during the dead animal pickup trips. Upon completion of the contract and prior to final payment, the Contractor will return the signs and GPS unit to the SDDOT.
5. Advise the Contractor of any Road-Kill animal that the SDGF&P wants to retrieve themselves for humanitarian, educational, or law enforcement purposes.
6. Compensate the Contractor monthly at the contract unit bid price per each deer and small animal picked up and disposed of properly. The SDDOT will provide a contact person and telephone number to answer any payment questions or problems.

B. The Contractor will:

1. Contact the SDGF&P and State Radio Communications for locations of road-killed deer Monday through Friday, during the hours of 8:00 A.M. to 5:00 P.M. The telephone number for SDGF&P is 605-394-2391. The telephone number for State Radio Communications is 605-393-8121.
2. Pickup road-killed deer and small animals no less frequent than **Monday, Wednesday, and Friday**. The Contractor is not expected to cover all routes each day, but is expected to cover all routes in the course of each week. The Contractor will pick up road-killed deer within 48 hours of notification by the State. Deer killed in the afternoon on Friday may be picked up on the following Monday.
3. Dispatch properly equipped vehicles with qualified drivers to pick up the reported road-killed deer and small animals.
4. Pick up and properly dispose of all visible dead animals, from approximate size of a skunk and larger, and Road-Kill Deer/Antelope located within the public right-of-way. The Contractor will notify the SDGF&P by phone, fax, or e-mail within 24 hours of any unreported road killed deer that are observed and picked up by the Contractor.
5. Notify the SDDOT within twenty-four (24) hours of the discovery of any unsafe circumstance at any road-kill site that prevents the Contractor from reasonably accomplishing road-killed deer pick up.
6. Display two magnetic signs on the Contractor's vehicle during the dead animal pickup trips. The Contractor will attach one sign on each side of the vehicle. The signs will be clearly visible at all times

and indicate the purpose of the work. Upon completion of the contract and prior to final payment, the Contractor will return the signs to the SDDOT.

7. Maintain in good working condition a SDDOT revolving amber warning light to be operating whenever the Contractor's vehicle is stopped or traveling less than 40-mph within the project limits. The Contractor will place the amber light on the upper rear or cab of each vehicle used when picking up the dead animals under this contract. The amber light is intended to promote safety while loading dead animals or otherwise occupying the right-of-way in performing services under this contract. This light will be a minimum of 55-watt halogen bulb for the rotating light. A flashing type of warning light will not be permitted. The Contractor will park his vehicle only on the shoulder of the roadway or on a field approach so as to keep all traffic lanes open or in the median when picking up a deer from the median.
8. The Contractor's personnel will be required to wear a safety vest while working within the project limits. The safety vest(s) will meet or exceed the requirements as specified within the American National Standards Institute (ANSI), International Safety Equipment Association (ISEA) 107-1999 for Class 2 performance.
9. Complete a State furnished Road-Kill Deer/Antelope report form for each month, listing each deer/antelope collected and location by county and a daily diary indicating which area(s) of Highway are picked up. The Contractor will deliver the forms and the daily diaries at the end of each month to the SDDOT, Rapid City Area Office, P. O. Box 1970, Rapid City, SD 57709-1970. The Contractor must submit these forms prior to the SDDOT Rapid City Area Office processing the monthly billing for payment. The Contractor will provide GPS coordinates, in addition to mile reference markers, for locations on the Road-Kill Deer/Antelope report. The GPS unit will be provided by the SDDOT as indicated in paragraph A.3., above.
10. Provide a contact person and telephone number to SDDOT Rapid City Area office upon contract award. This telephone must be equipped with a working answering machine or voice mail service. The Contractor will also: 1) provide an email address for receiving correspondence, or 2) in lieu of an email address, contact State Radio at 605-393-8121 prior to picking up a section of highway.
11. Indemnify the State and all its employees and agents from any and all claims, demands, actions or causes of action of whatsoever nature or character arising out of or by reasons of, the execution or performance of the work provided for under this contract, whether or not the Contractor is itself negligent or otherwise culpable, and further agrees to defend at the Contractor's own sole cost and expense any action or proceeding commenced for the purpose of asserting any claim whatsoever nature or character arising under this contract whether or not the Contractor is itself negligent or otherwise culpable. This section does not require the Contractor to be responsible for or defend against claims or damages arising solely from the acts or omissions of the State, its officers or employees.
12. Purchase and maintain liability insurance for the duration of the contract to cover property damage or bodily injury damages imposed by law. This liability insurance is above and beyond normal liability insurance typically associated with homeowners, and automobile insurance. The bidder is strongly encouraged to contact insurance companies prior to submitting bids for this contract to obtain price quotes for this insurance. This liability insurance will be purchased from insurance companies authorized to do business in the State of South Dakota and will contain a minimum coverage amount of \$500,000.00. The insurance will cover all operations under the Contract, whether performed by the Contractor or the Contractor's subcontractors.

Workers' Compensation Insurance will meet the requirements of the South Dakota Workers' Compensation Law.

Before commencing the work, the Contractor will furnish certificates of insurance, certifying that the policies will not be changed until 30 days' written notice has been given to the State. The certificates of insurance will provide evidence that sufficient liability insurance, with a minimum coverage amount of \$500,000.00 is carried to protect the public from bodily injuries or property damage liability sustained by reason of pursuing the contract work.

13. Make arrangements for disposal of all debris.
14. While performing services under the contract, the Contractor is an independent contractor and not an officer, agent, or employee of the State.

Any employee of the Contractor engaged in the performance of services required under the contract will not be considered an employee of the State. No claim under the South Dakota Workers' Compensation Act on behalf of said employee or other person while so engaged and no claim made by any third party as a consequence of any act or omission of the part of the work or service provided or to be rendered under the contract by the Contractor will be the State's obligation or responsibility.

**SPECIAL PROVISION REGARDING  
MINIMUM WAGE ON STATE FUNDED PROJECTS**

**APRIL 30, 2013**

---

This proposal contains a copy of the most recent United States Department of Labor (USDOL) Davis-Bacon Act Wage Decision, adopted by the South Dakota Transportation Commission.

If the amount of this contract, as awarded, is \$100,000.00 or more, the following wage provisions will apply:

1. The Contractor and each related subcontractor will pay all laborers and mechanics working at the site of work unconditionally and not less than once a week, and without subsequent deduction or rebate of any account, other than permitted payroll deductions. The Contractor and each related subcontractor must compute the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at the time of payment at rates not less than those rates contained in the USDOL Davis-Bacon Act Wage Decision.
2. The Contractor and each related subcontractor will pay their respective employees not less than the USDOL minimum wage for each work classification an employee actually performs at the site of the work.
3. The Contractor and each related subcontractor must submit weekly, for each week in which any contract work is performed, a copy of a completed certified weekly payroll report to the South Dakota Department of Transportation (SDDOT) Labor Compliance Officer (LCO), at the following mailing address, within fourteen (14) calendar days of the end of the workweek

Department of Transportation  
Labor Compliance Program  
700 E. Broadway Avenue.  
Pierre, SD 57501-2586

4. Each submitted certified weekly payroll report must set out accurately and completely all information required by the Instructions for SDDOT Statement of Compliance & Certified Payroll Report (located on the SDDOT Labor Compliance website). Each certified weekly payroll report must include the most recent [SDDOT Statement of Compliance Form](#), signed by the Contractor or related subcontractor or his or her agent who pays or supervises the payment of the persons employed

under the contract. The SDDOT will not accept any payroll report which does not include the most recent [SDDOT Statement of Compliance Form](#).

5. The Contractor and each related subcontractor will maintain payrolls and basic records relating thereto during the course of the work and preserve these records for a period of three (3) years from the date of completion of the contract for all laborers, mechanics, apprentices, trainees, watchmen, and guards working at the site of the work. These records must contain the name, address, social security number of each such worker, his or her correct work classification, and hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof). The Contractor and each related subcontractor will make these records available for inspection, copying, or transcription by the LCO and will permit the LCO to interview employees during working hours on the site of the work.
6. The SDDOT will upon its own action, or upon written request of an authorized representative of the USDOL, withhold, or cause to be withheld, from the Contractor or related subcontractor under this contract, or any other contract with the same prime Contractor, as much of the accrued payments, advances, or guarantee of funds as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers employed by the Contractor or any related subcontractor, the full amount of wages required by the contract. In the event the Contractor fails to pay any laborer or mechanic, including any apprentice, trainee, or helper employed or working on the site of the work, all or part of the wages required by the contract, the LCO may, after written notice to the Contractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds under this contract or any other contract with the same prime Contractor until such violations have ceased.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award, pursuant to 29 CFR 5.5(a)(1)(ii); contractors are responsible for requesting SDDOT to secure necessary additional work classifications and rates.

\*Classifications listed under an "SU" identifier were derived from survey data and the published rate is the weighted average rate of all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates.

Survey wage rates are not updated and will remain in effect until a new survey is conducted.

=====

In the listing above, the "SU" identifier indicates the rates were derived from survey data. As these weighted average rates include all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of the survey on which these classifications and rates are based. The next number, 007 in this example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

-----  
**WAGE DETERMINATION APPEALS PROCESS**

1.) Has there been an initial decision in the matter? This can be:

- an existing published wage determination
- a survey underlying a wage determination
- a Wage and Hour Division letter setting forth a position on a wage determination matter
- a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations  
Wage and Hour Division  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.
